

Be Kind & Remind

Rogue Wave

Better learn how to run
before you walk, babe
i'll be with you for a while
nature's been good, oh really

follow you down the path
toward the seals, babe
the beach is broken glass
you can't have everything

please be kind and remind

I wanted to run with wolves
and the horses
while you're home on the range
just one is good for me

please be kind and remind
