

Fantasies

Rogue Wave

Give me a second if you like
I am going, light ahead
I'll get you in the corner if you like it
I am going to be resigned
if you are ready anytime
every day is a fantasy
are you with me
I'll get you in the middle if you want it
I feel like a soldier's file
she felt bad and reviled
every day is a fantasy
are you with me
places, places
I'm all out of faces
every day is a fantasy
are you with me
