

Sleepwalker

Rogue Wave

She reached for his gun
And aimed for his glass eye
Even his arms
They couldn't focus on her right
But oh, my money
Suck, suck, suck it down

You take out the car
Back up with aggression
I'll take the lunar for Mars
Bounce all around you til I'm fine

Oh my god
Oh my god
I can't walk in sleep for you
I can't walk in sleep for you

Well say what you want, it was the last night
Hit by a rock, she couldn't let her self pass by
But oh, my money
Is in blind sight

Oh my god
Oh my god
I can't walk in sleep for you
I can't walk in sleep for you
I can't walk in sleep for you
I can't walk in sleep for you

You might fall
