

# Leaving the City

Róisín Murphy

Wish I was taking you with me

No more goodbyes,  
No more goodbyes,  
Tell me to stay home

There's no place  
No more goodbyes,  
No more goodbyes,  
Tell me to stay home

I'm leaving...I'm leaving

No more goodbyes,  
No more goodbyes,  
Tell me to stay home

I'm leaving...I'm leaving

There's no place  
I'm leaving...I'm leaving  
There's no place  
No more goodbyes

No exotic country  
I found my journey's end  
When I found you  
Don't let me go  
Won't leave town  
Or go around  
If you say so  
Won't leave you no if you say so

Can't stay always going away  
Never knowing the way home  
Another hour  
Another day  
Surely we  
Will find a way somehow

We're leaving the city today  
Leaving the city  
Soon I will be gone  
Leaving the city today  
Soon I will be gone

Leaving, leaving, leaving, leaving  
No more goodbyes  
No more goodbyes  
Tell me to stay home  
I'm leaving  
I'm leaving

No more goodbyes  
No more goodbyes  
Tell me to stay home  
I'm leaving

I'm leaving

There's no place  
There's no place  
There's no place  
There's no place  
There's no place

There's no place I'd rather be  
Than here dear  
If I call you dear, it's because you are

There's no face  
I'd rather see  
There's no fear  
Don't be afraid to say  
Stay another day  
Then another day

Don't be afraid to say it  
Or hold on  
Don't be gone too long baby  
Another kiss  
One more caress  
An ego, no  
Another yes

We're leaving the city today  
There's something still left here to say  
A D F C A F  
D F C E D C D

We're leaving the city today  
Why can't I get you to ask me stay?  
Don't you want to let the music play  
D F C E D C D

We're leaving the city today  
Is there something i've left here to say?  
Don't you want to let the music play  
A D F C A F D F C E D C D

Soon I will be gone  
I'm leaving  
I'm leaving  
Don't you want to let the music play?

Soon I will be gone
