

# Don't Shake Me Lucifer

Roky Erickson

Don't shake me, don't shake me Lucifer  
Don't shake me, don't shake me Lucifer  
I been up all night, and no suicide clock the works

Seemed to be, seemed to be, seemed to be no calm privacy  
Seemed to be, seemed to be, seemed to be no calm privacy  
Lucifer cried  
don't shake me Lucifer  
You are all I receive

Don't shake me, don't shake me Lucifer  
Don't shake me, don't shake me Lucifer  
I been up all night, and no suicide clock the works

They're shakin 'em down left, they're friskin 'em up right  
They're shakin 'em down left, and they're friskin 'em up right  
Lucifer cried  
don't shake me Lucifer  
With the devil's hell's fire

Don't shake me, don't shake me Lucifer  
Don't shake me, don't shake me Lucifer  
I been up all night, and no suicide clock works

Now the world was shakin, looking like it'd shake to bits  
Now the world was shakin, looking like it'd shake to bits  
Lucifer cried  
don't shake me Lucifer  
I've had enough of it

Don't shake me, don't shake me Lucifer  
Don't shake me, don't shake me Lucifer  
I been up all night, and no suicide clock the works
