

God Is Everywhere

Roky Erickson

God is everywhere for you
Everywhere as all positivity
He keeps you from that which could hurt you
He keeps you from negativity

There is love He doesn't dissolve you
No sided "hate called" love for you
He provides you with a refreshing breeze around you
Also also thought lost and never
Known same treasure coming back to you

Besides what you know
You deserve our already, now and additional pureness
He provides never a forgetting
Of only a soft knowing of all the good known

You don't need bad drugs to be high
Not addicted to some drugs, spiritually
High it be
Jesus brings the reality of God's
Reality softness grace
God wants you so it be

God's reality can be endured
It is without losing or distracting you
It is you and others commencing and is said
Compliance to you
God's only spiritual way for you

Negativity is any form of harm to
As earth standards of life
It is that which takes away from being
You must believe in God, blindness
Have some possessed
Some have been misled into thinking
That you should live for death

Isn't it isn't it isn't it understood
That prayer can only be good
Only a good desiring is a prayer
Only for good is God there

Desiring only love
And receiving in return only love
A place where God for you is everywhere
As care, prayer, where everywhere

God is everywhere for you
Everywhere as all positivity
He keeps you from that which could hurt you
He keeps you from negativity
