

# Good Bye Sweet Dreams

Roky Erickson

Goodbye sweet dreams  
Goodbye sweet dreams  
Goodbye sweet dreams  
Goodbye sweet dreams

I once had a heart  
Could not be told  
But now these dreams  
Have grown so cold

Goodbye sweet dreams  
Goodbye sweet dreams  
Goodbye sweet dreams  
Goodbye sweet dreams

The love you are  
It is your own  
'tis only peace  
Peace is all that's known

Goodbye sweet dreams  
Goodbye sweet dreams  
Goodbye sweet dreams  
Goodbye sweet dreams

Love has been said  
It should come and go  
Goodbye sweet dreams  
If you believe then go

Goodbye sweet dreams  
Goodbye sweet dreams  
Goodbye sweet dreams  
Goodbye sweet dreams

Once I had love  
And you never return  
Don't leave me now  
My love does not burn  
The fire inside  
Burns not too bright  
It only glows  
Your love did start right tonight

Goodbye sweet dreams  
Goodbye sweet dreams  
Goodbye sweet dreams  
Goodbye sweet dreams

Sounds to be awake to goodbyes not alone  
Goodbye's really getting stoned  
Taking on like a new gate  
Leaving and dropping all like straight

Goodbye sweet dreams  
Goodbye sweet dreams  
Goodbye sweet dreams

Goodbye sweet dreams
