

# Starry Eyes

Roky Erickson

Starry eyes  
How can I get to you  
My true little  
Starry eyes  
What can I say or do  
For you my little  
Starry eyes, starry eyes  
Forever shall be mine

Starry eyes  
What Can I say  
To make you listen  
Starry eyes  
What can I do  
For your attention  
Starry eyes  
Starry eyes forever shall be mine

When I'm alone  
I hear and feel you  
I wish that I could reach right out and touch you  
But knowing you're the one  
To greet me and meet me  
Two alone in the dark  
May it be

Starry eyes  
Stars will fall on me  
Starry eyes  
Won't you listen  
That I'm here being  
For you starry eyes  
Starry eyes forever shall be mine

When I'm alone  
I hear and feel you  
I wish that I could reach right out and touch you  
But knowing you're the one  
To greet me and meet me  
Two alone in the dark  
May it be

Starry eyes  
How can I get to you  
My true little  
Starry eyes  
What can I say or do for you my little  
Starry eyes  
Starry eyes forever shall be mine  
Starry eyes  
Starry eyes forever shall be mine
