

The Singing Grandfather

Roky Erickson

The singing grandfather will saw off your head
The singing grandfather will kill you dead
The singing grandfather will drain you bled

The singing grandfather buzzsaw sings in the night
The singing grandfather skinny arm John Law can fight
The singing grandfather a probation officer with yellow might

The singing grandfather buzzraw sings in the night
The singing grandfather skinny arm John Law can fight
The singing grandfather a probation officer with yellow might

The singing grandfather will saw off your head
The singing grandfather will kill you dead
The singing grandfather will drain you bled

The singing grandfather
Strings stringy entrails
Stringy stringy eyeballs
A foot tapper
A horn honker
A light flasher
Because I'm John Lawman
