

# The Singing Grandfather

Roky Erickson

The singing grandfather will saw off your head  
The singing grandfather will kill you dead  
The singing grandfather will drain you bled

The singing grandfather buzzsaw sings in the night  
The singing grandfather skinny arm John Law can fight  
The singing grandfather a probation officer with yellow might

The singing grandfather buzzraw sings in the night  
The singing grandfather skinny arm John Law can fight  
The singing grandfather a probation officer with yellow might

The singing grandfather will saw off your head  
The singing grandfather will kill you dead  
The singing grandfather will drain you bled

The singing grandfather  
Strings stringy entrails  
Stringy stringy eyeballs  
A foot tapper  
A horn honker  
A light flasher  
Because I'm John Lawman
