

When You Get Delighted

Roky Erickson

When you get delighted
In the spirit we are united
My way is yours in you
Never broken hearted
Our love starts before it's started
Everything you do is in the category of love
And love is all you do

God chose us together
And He is for the combination of you and me
Together is forever
We find nothing short of glee

When you get delighted
I get so excited
We always are united in bliss
All wonders that to me are new
Proceed open and beautiful into view
You know all I knew
And all the good I had missed

When I see your smiling face
All my waiting fades from my memory
And by thy grace
No or immortal words are all that I can see
To define what happens

Poorness or richness doesn't bother we
There's more than money and it is true
We never let money get in the way
I know that I love you and you love me too

When you get delighted
In the spirit we are united
My way is yours in you
Never broken hearted
Our love starts before it is started
Everything you do is in the category of love
And love is all you do
