

You Drive Me Crazy

Roky Erickson

You drive me crazy
I can't feel alone
I hear voices of torment
I feel so much on my own
You drive me crazy
I can't be lazy
You drive me crazy when you keep me all alone

You drive me crazy
My heart pounds suffocatingly loud
All alone too is emptiness
I could feel so proud
You drive me crazy
I can't be lazy
You drive me crazy when you keep me all alone

Crazy crazy crazy crazy crazy crazy crazy crazy
I can't stop
I just can't stop loving you never
Crazy crazy crazy crazy crazy crazy crazy crazy
I keep on getting, I keep on getting
I keep on getting crazier without you

You drive me crazy
You won't have a lover
With another guy
I feel it with no shelter
You drive me crazy
I can't be lazy
You drive me crazy when you keep me all alone

Crazy crazy crazy crazy crazy crazy crazy crazy
I can't stop
I just can't stop loving you never
Crazy crazy crazy crazy crazy crazy crazy crazy
I keep on getting, I keep on getting
I keep on getting crazier without you

You drive me crazy
I can't feel alone
I hear voices of torment
I feel so much on my own
You drive me crazy
I can't be lazy
You drive me crazy when you keep me all alone

You drive me crazy
I can't be lazy
You drive me crazy when you keep me all alone
