

One Shot

Rollins Band

Yeah
Out of the silence
Out of the void
Out of destruction mind
I am calm
Hot animal
I am gratefully guilty as charged

I want to break it
I want to kill it
I want to rip it limb from limb
I want to taste it
I want to own it
You get one shot
Don't miss me

Back in the lab
They shock my brain
I am electrically insane
They charge me up
They turn me loose
I am rockin' past the threshold of pain
And past abuse
Is put to use
I took the hit and lost the fear

I am ?
Hot animal
I am gratefully guilty as charged

I want to break it
I want to kill it
I want to rip it limb from limb
I want to taste it
I want to own it
You get one shot
Don't miss me this time

Outside the fear
Outside the chaos
Inside relentless mind
I am ?
Hot animal
I am gratefully guilty as charged

I want to break it
I want to kill it
I want to rip it limb from limb
I want to taste it
I want to own it
You get one shot don't miss me

No
No
Don't miss me
