

# Your Number Is One

Rollins Band

the chaos that surrounds you  
the facts that astound you  
at last your number has found you  
your number is one  
I'm looking high  
I'm looking low  
I want to know therefore I go  
your number is one

see them pull into the slow lane  
the no go lane  
watch them take the poison that drives them all insane  
your number is one  
your number is one  
your mind decided  
your number is one  
you are undivided  
for you there is but one direction  
your number is one  
I am looking high  
I'm looking low  
I want to know therefore I go  
your number is one  
I am looking high  
I'm looking low  
I want to know therefore I go  
your number is one

that number is one  
one  
one  
the only one

that number is one  
one  
one  
the only one

keep the ? intact  
keep the ? at the top of the stack  
when you get to all the other stacks  
take the stack down off the rack  
your number is one  
your mind has decided  
your number is one  
you are undivided  
for you there is but one direction  
your number is one  
I'm looking high  
I'm looking low  
I want to know therefore I go  
your number is one  
I'm looking high  
I'm looking low  
I want to know therefore I go  
your number is one

that number is one  
one  
one  
the only one

that number is one  
one  
one  
the only one

yeah

one  
one  
one  
the only one

one  
one  
one  
the only one

your number is one  
one  
one  
the only one

that number is one  
one  
one  
the only one
