Conflicted

Roman Lob

I've been seeing a shrank
Try to get why I feel this blame
but it don't get it
Even on a minute

But I think he's never been in love Try to ask my friends What they think I should do But it doesn't matter what they say

So this time I turn to you Tell me what to do

Cause I'm so conflicted So conflicted I'm loosing my mind And I'm so addicted And so sick of you At the same time

Tell me what's on your mind
All pretend that I'm blind
I can see that you're hurting too

That you single all lights
When the more that you lied
Is it because you decided
It's the best to leave it alone

Baby isn't it time
That we let her go down
And along this feelings through
Baby now I turn to you
Let's figure out what to do

Cause I'm so conflicted
So conflicted
I'm loosing my mind
And I'm so addicted
And so sick of you
At the same time

Oh, I'm so conflicted
So conflicted
Going out of my mind
Cause I feel disconnected
And in Love with you
At the same time

People say when your heart is over There's a way to be free So turn around I need to tell you something And something you should tell me

Baby I'm so conflicted
So conflicted

I'm loosing my mind Cause I'm so addicted And so sick of you At the same time

Yes, I'm so conflicted So conflicted Going out of my mind Can I be disconnected And in love with you At the same time
