I Don't Mind If You Don't Mind

Ron Pope

My blood runs red from the streets to the sewers
To the blue black ocean
I'm caught in the tide but I don't mind if you don't mind

I wash away the filth of the city
As I lose myself here right before your eyes
But I don't mind if you don't mind

I'm all right
I'm all right
I'm all right
I don't mind if you don't mind
I'm all right
I'm all right

I watch the rain fall clean from the heavens
As the skies part open I search for a sign
But I dont mind if you don't mind

Collecting dust in lines on the pavement
In this sweet surrender
Running out of time
But I don't mind if you don't mind

I'm all right
I'm all right
I'm all right
I don't mind if you don't mind
I'm all right
I'm all right

I'm all right
I'm all right
I'm all right
I don't mind if you don't mind
I'm all right
I'm all right

I will stand up
I will stand up
I will stand up
Won't you stand up

I will stand up
I will stand up
I will stand up
Won't you stand up

I'm all right
I'm all right
I'm all right
I don't mind if you don't mind
I'm all right
I'm all right

I'm all right
I'm all right

```
I'm all right
I don't mind if you don't mind
I'm all right
I'm all right

I'm all right
I'm all right
I'm all right
I don't mind if you don't mind
I'm all right
I'm all right

I will stand up
I will stand up
I will stand up
Won't you stand up

I will stand up
I will stand up
I will stand up
Won't you stand up
```
