

Brandy Alexander

Ron Sexsmith

As I try to be the man for her
Far across the sea and land for her
The deep within my blood is sand
Until I drink what makes me mad for her, oh

She's my Brandy Alexander
Always gets me into trouble
But that's another matter
My Brandy Alexander

But do I thirst for all the worst again?
Is it my addiction to this curse within?
Silently I must confess this sin
Tastes better after juice and gin, oh

She's my Brandy Alexander
Always gets me into trouble
But that's another matter
Oh, that's another matter

She's my Brandy Alexander
Always gets me into trouble
But that's another matter, oh

And deep within my blood is sand
Until I drink what makes me mad for her, oh yeah

She's my Brandy Alexander
Always gets me into trouble
But that's another matter
Oh, that's another matter

She's my Brandy Alexander
Always gets me into trouble
But that's another matter
Oh, that's another matter

She's my Brandy Alexander, oh yeah
That's another matter

It goes down easy, it goes down easy
It goes down easy, it goes down easy
It goes down easy, it goes down easy
