

# As Long as We're in Love

Ronan Keating

We'll climb a mountain, we'll put a flag down  
We'll start a dream and see what it becomes  
From sticks and stones, yeah, we'll build a fortress  
No one can touch us as long as we're in love

We'll rule the thunder, capture the lightning  
Command the ocean underneath the sun  
As long as I live, breathe out and breathe in  
No one can touch us as long as we're in love

Everyone tells us it's just a feeling  
But they don't know us, what we believe in  
It's more than three words we keep repeating  
From the top of our lungs, as long as we're in love

Strong as the concrete, soft as the green fields  
Sure as the rain into the river runs  
Two faithful lovers, one single heartbeat  
No one can touch us as long as we're in love

Everyone tells us it's just a feeling  
But they don't know us, what we believe in  
It's more than three words we keep repeating  
From the top of our lungs, as long as we're in love

You always will be my one and only  
Long after everything has turned back into dust  
We'll still be falling, we'll still be standing  
No one can touch us as long as we're in love  
No one can touch us as long as we're in love
