Believe

Ronan Keating

You said you Could see no end The world and himself Were all on your back I vowed to take your hand Show the world In a different light All that you've done You've got to believe In all of your dreams

No matter what The world can Throw at you You know you can believe Believe in me And after all I'll still believe in you And even if You cannot see The brighter light Ahead I'll see You must believe, Believe in me And after all I'll still believe in me

I'll pull away the clouds That cover you up That leave you down I won't leave you all alone I'll be there for you In your darkest hour

And all that you've done You've got to believe In all of your dreams

No matter what The world can Throw at you You know you can believe Believe in me And after all I'll still believe in you And even if You cannot see The brighter light Ahead I'll see You must believe, Believe in me And after all I'll still believe in me

And when It's dark outside I'll protect you From the night My shoulder you can rely I won't do you no wrong

And all that you've done You've got to believe In all of your dreams

No matter what The world can Throw at you You know you can believe Believe in me And after all I'll still believe in you And even if You cannot see The brighter light Ahead I'll see You must believe, Believe in me And after all I'll still believe in me
