

# Grow Old with Me

Ronan Keating

Growing  
Is something we all do  
And I would just love to  
Grow old with you  
Fighting  
Is something we all do  
And I would just love to  
Make up with you

All of the moments  
That no-one else see's  
These are the things that  
Link you to me  
We could live longer  
And sail the sea's  
If you could just only  
Grow old with me

Senses  
Are things that we all know  
And I'll always follow  
My sixth one to you  
Caring  
Is something that I know  
You're flying so low  
It's all I can do

All of the moments  
That no-one else see's  
These are the things that  
Link you to me  
We could live longer  
And sail the sea's  
If you could just only  
Grow old with me

Grow old with me  
Grow old with me  
Grow old with me  
Grow old with me
