

Landslide

Ronan Keating

There's no rain above us
The sky is perfect blue
Couldn't find a better day now
Oh to fall in love with you
I just can't wait to see you
There's nothing that i fear
Butterfly just whispered
Oh the ones we miss are near

Oh I know I
Followed the signs right
You're the perfect moment, I get to live the rest of my life
Now I know
There was a landslide
All the roads are open
Now I get to call you my wife
See fairytales are real life

Loved ones all around us
But your eyes are all I see
Kids are smiling through the tears
Will you spend your life with me?
There's nothing that I'm missing
Oh cause everything is here
I'm Sharing my life with you
I can't wait for all the years

Oh I know I
Followed the signs right
You're the perfect moment, I get to live the rest of my life
Now I know
There was a landslide
All our roads are open
Now I get to call you my wife
Some fairytales are real life
So I
Followed the signs right
You're the perfect moment, I get to live the rest of my life
Now I know
There was a landslide
All our roads are open
Now I get to call you my wife
Some fairytales are real life
