If I can't find the words... Waiting for this feeling That I'm drowning in to subside You make me swim like a beginner Like I'm new at life All these words don't come easy No they always seem to stop There is awkward silence yeah Anytime we talk Oh but I wanna let it in I wanna ease all your doubts I keep trying to get it out But if I can't find the words To tell you what I'm feeling Baby that don't mean It don't mean that I don't feel it I'm trying to tell you girl But if you don't believe just look and see My face says what you mean to me When I can't find the words I know I can send you flowers To try to make my feelings clear And girl I could hold you tight for hours I wanna tell you what you're trying to hear Oh and I wanna let it in I wanna ease all your doubts I keep trying to get it out But if I can't find the words To tell you what I'm feeling Baby that don't mean It don't mean that I don't feel it I'm trying to tell you girl But if you don't believe just look and see My face says what you mean to me When I can't find the words But I know sometimes I leave you so upset Cos I got all these bits and pieces in my head I know because I let you struggle with the things I haven't said When I can't find the words When I can't find the words When I, when I can't find the words I wanna ease all your doubts (ease all your doubts) I keep trying to get it out

But if I can't find the words
To tell you what I'm feeling
But baby that don't mean
It don't mean that I don't feel it
I'm trying to tell you girl

But if you don't believe just look and see

My smile says what you mean to me When I can't find the words If I can't find the words
