

Song To...

Ronan Keating

You think you've seen it all
You've been all
You can be
One thing comes along
And changes everything
You came into our world
And changed our way of life
There you were so helpless
And so beautiful

You'll recognize in time
The things I've
Said and done
You'll recognize in time
My son
Someone has passed it on
Giving us the chance
Watching as we grow
Hope we can
Make a chance
This time

I hope I can
Help you grow
Show you what
I don't know
Help you
Be the person
That you wanna be
Time will pass so fast
I'm holding to the past
Soon you'll be on
Your very own

You'll recognize in time
The things I've
Said and done
You'll recognize in time
My son
Someone has passed it on
Giving us the chance
Watching as we grow
Hope we can
Make a chance
This time

You'll recognize in time
The things I've
Said and done
You'll recognize in time
My son
Someone has passed it on
Giving us the chance

Someone takes your hand
All part of the plan

Someone has passed it on
Giving us the change
This time
Watching as we grow
Hope we can
Make a change
This time
