

# Move

Ronan Parke

Don't be shy girl  
Don't be a fly on the wall  
Don't stand by girl  
And let everyone else make all the calls

Just get up, Stand up  
And make your way to the dance floor, dance floor  
Cos by the time the night is over, over  
You'll be crying out for more

Can you feel that beat starting in our feet?  
Just take my hand and let the party begin

Can you feel that beat starting in your feet?  
Just let the party begin

Just move girl  
Come on shake your body tonight, let me see you move  
Let me see you move, move  
Move girl  
Come on shake your body tonight, tonight, tonight

You're so fly girl  
Yeah I like what I see  
And that shy girl  
Baby don't you think you're fooling me

Just get up, Stand up  
And make your way to the dance floor, dance floor  
Cos by the time the night is over, over  
You'll be crying out for more

Can you feel that beat starting in our feet?  
Just take my hand and let the party begin

Can you feel that beat starting in your feet?  
Just let the party begin

Just move girl  
Come on shake your body tonight, let me see you move  
Let me see you move, move  
Move girl  
Come on shake your body tonight, tonight, tonight

Baby I want to watch your body  
Moving on the floor, Baby girl you got me  
You and me, we could get so naughty  
Yeah, Yeah, Yeah

Just move girl  
Come on shake your body tonight, let me see you move  
Let me see you move, move  
Move girl  
Come on shake your body tonight, tonight, tonight

Just move girl  
Come on shake your body tonight, let me see you move

Let me see you move, move  
Move girl  
Come on shake your body tonight, tonight, tonight
