

Hey Haggard

Ronnie Dunn

Hey Haggard, sing me a song
Something 'bout the way I am
Oh, that one sure hits home
How 'bout one now?
Is it ok if I sing along?
Well that's the way love goes
Always turns my baby on
Misery & Gin
I played over and over again
Hey Haggard sing me a song

Chorus:

Hit me where I live
Tell it like it is
If my love gone wrong
I love the story about old glory
And the hippies getting stoned
The fog inside, Mama tried
Sing me back home
Hey Haggard sing me a song

Hey Haggard, a little working man's blues
A few bars of swinging doors
I've stumbled through a few
Leaning to a crooner, always wanting you
Like that heartbreaking woman
You couldn't quite get to
How 'bout silver wings?
I can hear them engines call
Hey Haggard sing me a song

Chorus:

Hit me where I live
Tell it like it is
If my love gone wrong
I love the story about old glory
And the hippies getting stoned
The fog inside, Mama tried
Sing me back home
Hey Haggard sing me a song

Chorus:

Hit me where I live
Tell it like it is
If my love gone wrong
I love the story about old glory
And the hipá¹-ies getting stoned
The fog inside, Mama tried
Sing me back home
Hey Haggard
Hey Haggard
Hey Haggard sing me a song
