

## I'll Leave This World Loving You

Ronnie Milsap

Walk away, leave with my blessings  
Once in a while let me hear from you  
If we never meet again before my life is over  
I'll leave this world loving you.

You can take everything but my memories  
For they're good ones and they'll see me through  
If we never meet again I'll love you forever  
I'll leave this world loving you.

You were mine for a time and I'm thankful  
Oh, but life will be so lonesome without you  
If we never meet again this side of Heaven  
I'll leave this world loving you.

If we never meet again this side of Heaven  
I'll leave this world loving you...
