

I Love New Orleans Music

Ronnie Milsap

Well, I've never been to New Orleans
I don't even know what Creole means
But oh, I love the way they play and sing
Down in the land of the voodoo queen.

Oh, I love New Orleans music
Dixieland Sweet Jelly Roll
Oh, I love New Orleans music
I love it down to my soul.

Well, I've heard about the Vieux Carre
They dance all night and party all day
Laissez les bons tons rouler
And let the music take your cares away.

Oh, I love New Orleans music
Dixieland Sweet Jelly Roll
Oh, I love New Orleans music
I love it down to my soul.

They tell me you can hear it
Every night down along the Pontchartrain
When the band gets to cookin' and the feelin's right
It's enough to drive a man insane.

Oh, I love New Orleans music
Dixieland Sweet Jelly Roll
Oh, I love New Orleans music
I love it down to my soul.

Oh, I love New Orleans music
Dixieland Sweet Jelly Roll
Oh, I love New Orleans music
I love it down to my soul...
