Let's Take The Long Way Around The World

Ronnie Milsap

In the daily rush of things If we stop to think it seems We never have time alone

Doing things we have to do Not much time for me and you Before we know it, it will all be gone

Lets take the long way around the world Sharing each other as we go Lets take the long way around the world And let's take it real slow

I get hungry just to talk Take your hand and take a walk I never have you to myself enough

The two of us are really one And when its all said and done The only thing that really lasts is love

Lets take the long way around the world Sharing each other as we go Lets take the long way around the world And lets take it real slow

Lets take the long way around the world Sharing each other as we go Lets take the long way around the world And lets take it real slow

Lets take the long way around the world Sharing each other as we go Lets take the long way around the world And lets take it real slow
