

# One Night

Ronnie Milsap

Call me a fool, send me away  
I've got to say-ay it's you I adore  
Alone and in love, fallin' apart  
I followed my heart  
Straight to your door

Face to face, with all honesty-why  
I would be grateful if you'd give to me  
O-one night, to lay-ay in your are-arms  
O-one night, could it be that I was born  
To make every dream  
You ever had come true-ue  
Woh-oh, in o-one night  
Oh, one night with you-ou

Standin' this close, the sound of your voi-oice  
Leaves me no choice, I offer my love  
Am I so wrong to think you might fa-all  
'Cause baby you're a-a-a-a-all I can think o-of

Face to face, with all honesty-why-why-why-why  
I would be grateful if you'd give to me-ee  
Just o-one night, to lay in your are-are-arms  
O-one night, could it be that I was born  
To make every dream  
You ever had come true  
Woh-oh, in o-one night  
Oh, one night with you

O-one night, to lay in your are-arms  
O-one night, could it be that I was born  
For o-one night (one night)  
To lay, to lay in your are-arms  
O-one night (one night)  
Could it be that I was born  
For o-one night (one night)  
I need one night (one night)  
O-one night (one night)  
To lay, to lay in your are-arms  
O-o-one night (one night)  
Could it be that I was born  
For o-one night (one night)  
Oh give me o-one night  
(One night, please, plea-ease, one night)
