

# Stranger Things Have Happened

Ronnie Milsap

I keep talking to your picture  
But a smile is all you say  
It's a lonely conversation  
But missing you is easier this way

Last night a shadow filled the doorway  
And I heard footsteps on the stairs  
Then I woke up this morning  
And thought I saw you standing there

Stranger things have happened  
And I'll always believe  
If stranger things can happen  
You could still come back to me

One touch is worth a thousand pictures  
What might have been ain't worth a dime  
I just hope someday I'll hold you  
Another place, some other time

Stranger things have happened  
And I'll always believe  
If stranger things can happen  
You could still come back to me

If stranger things can happen  
You could still come back to me  
Stranger things have happened
