

# Spinning Around

Rookie of the Year

I wanna hold onto you  
Every time that you're mine  
But you run around in circles  
While I try to walk the line

You wanna break all the rules  
When we're apart  
But you turn into a cop  
When I try to steal your heart

Spinning spinning  
So unsure always going back and forth  
Over and over again and again  
You let me think we're moving  
But you shut me down instead  
Over and over you play me like a fool  
You got me spinning, spinning out of control  
That's how you roll

Wanna know you'll be there  
When tomorrow arrives  
But you don't believe in day plans  
And don't show up on time  
I wanna dance next to you  
Right where I belong  
But the records always skipping  
When I try to play our song

Spinning spinning  
So unsure always going back and forth  
Over and over again and again  
You let me think we're moving  
But you shut me down instead  
Over and over you play me like a fool  
You got me spinning, spinning out of control  
That's how you roll

Oh ohhhhhh oh oh you got me spinning  
oh ohhhhhh oh oh you got me spinning around  
ohhhh ohhhh oh oh you got me spinning around

Over and over again and again  
You let me think we're moving  
But you shut me down instead  
Over and over you play me like a fool  
You got me spinning, spinning

Over and over again and again  
You let me think we're moving  
But you shut me down instead  
Over and over you play me like a fool  
You got me spinning, spinning out of control  
That's how you roll
