Room 2012

I know I want it for real  
But she wants to let go  
Shes got me spinnin around and going insane  
I really want her in my space  
She thrown it in my face  
Shes got me flippen like a Cuckoo Brain  
U used to love me, but u don't love me now  
It runin around inside my head  
U used to want me but u don't want me now ah  
But in my head I

I still see flowers in the garden  
All the brids still sing for you  
Bright shining colours in the rainbow  
Why can't you see it too  
Oooohoo Hoo Hoo (She loves me not)  
Oooohoo Hoo Hoo  
Watch out

I'm burning up with desire  
I'll relight your fire  
Ain't nobody gonna love you like me  
Take your head out the clouds  
Get your feet on the ground girl  
And come and get ya freakin love
