

Losing All Control

Rooney

I'm losing you
I'm losing all control
Just let me be
Let me be alone for now
I want to be alone tonight

Once again we've gone off track
And lost all hope for coming back
It's time to restart again
And try all over again

It's time to work
The work is useless now
Can't you see
Your help is lost to me
I want to be alone tonight
