

Hope Dies At Last

Root

...But a slight particle
Bare fragment of Life
Still glows in the Void
Will it be saved?

Is it convicted to burn out?
Is it really the End?
Does anybody care for it?
May anybody want it?

Slowly it burns out, fades
Glimmers of memories vanish
Ell ends, DARK came
Hope Died at Last.

THE END

DAEMON: ...So ended our story, that we wanted to tell Thee, Thee, The Last One, who taught us everything. We accomplished our quest and started to live again. Never again we want to see that strange being called human!
