

## Nativity

Root

Before milion ages  
Great and wise was born  
Strong and eternal arise out of him.  
Our father's and endless Nira.

Ancient hollows  
Expended their mysteries  
I came on world in chilling grief  
Not knowing my mission  
of cursed legacy.

Roar of devil's  
attended my birth  
They knew who I am.  
Beast's freaked, rocks were torn,  
Even the time was stood with dread  
I've come.
