

Hola Compadres! Compañeros Andale! Andale!  
Hermanos! Todos! Ole!

Life for me, is all what I receive, what I feel  
My joy and my sorrows  
Life is given to me to make the most of it  
Not waiting /idly /for the End

...You've no need of anyone...

You wonder why, why do you live the lie  
Transmission not the reality  
Multi-core wires to brain  
There's no pain only sweet dreams of fulfilment

We need everything, we need consummation

...You've no need of anyone...

You wonder why, why do you live the lie

Transmission not the reality  
Multi-core wires to brain  
There's no pain only sweet dreams of fulfilment

You don't remember the Spirit,  
you eat the shit, you like it  
Your life - illusion transfer  
Subliminally, invisibly  
Commercial - not the Spirit  
Controls your life - your mind  
It's time to break the spell  
To be reborn, to be a man

I wanna live my life, to feel reality

Every day, I see like everyone  
Standing in the dark , gives up , declines  
And every day , I see like some of us  
Wakes and ,Rises up, to save themselves  
To save me...

Life is to live not to kill  
Life's not to buy but to be  
Don't lose your time, start to live, start to live

...You've no need of anyone...?

You wonder why , why do you live the lie  
Transmissions not the reality  
Your life is to be ...
