

Fame

Rootwater

I am the new sensation
The breath of cool, fresh air
I'm loved by all the nation
Getting appraise on vanity fair
I shine and smile when you watch me
You want to be like me
'Til another one, 'til another will come
And you'll forget and you'll mistreat

Fall in love with another idol
Fall away with another fool

I know your expectations
I know what I should play
You want your new sensation
'Cmon, 'cmon, I want to stay
Please let me be your new star now
Please hear what I say
'Til another one, 'til another will come
And I will face the price to pay

'Cos everyone begins and ends like this
Everyone has to pass

In the end all is dust and all in vain
In the end there is no one left to blame
All you see is the wasted life behind you
All you see is the love you once knew...

Fame!
We love fame
Fame!
We love fame
Fame!
Fame!

Fame!
We love fame
Fame!
We love fame
Fame!
Fame!

In the end all is dust and all in vain
In the end there is no one left to blame
All you see is the wasted life behind you
All you see is the love you once knew...

All you have is fame
All you did is fame
All you were is fame
