

Lie Is The Law

Rootwater

To say the truth is to make yourself prone to the truths of the others
So lie, make up, lie...

Lie is the law, lie is the law
Lie is the law, lie is the law here
Lie is the law, lie is the law
Lie is the law, lie is the law here

Out cold between my resistance
My point of view and goals in the farther view
My father said: „remember to be on the right side”

Mine, mine, yours...

Mine, yours, theirs, his, her
Here, now, there, then
To swallow it all
The anticipation

Lie is the law, lie is the law
Lie is the law, lie is the law here
Lie is the law, lie is the law
Lie is the law, lie is the law here

To say the truth is to expose yourself
The lie is love ferocious
To say the truth is what I fear to say
The lie will lead us
The lie will save

Mother deception
Mother embrace me

Whining, moaning
The lie is on my back
Fine and droning
The lie is keeping track...

Lie is the law
Law is the lie

Whining, moaning
The lie is on my back
Fine and droning
The lie is keeping track...

Lie...
Law...
Lie...
Law...
