

War

Rootwater

Dream on and never, never wake up
forget about your Spirit
Let the pictures flow in the blood
Let the lust create your feelings

Now become a new human being
You'll get the real life

Fuck the Demons out - fuck the Demons
War's the only way

War is everywhere there- believe me
No one - neutral
Everyone makes War- believe me
No spectators
Chose the real life or illusions
Chose the future
There is no time to lose - believe me
Sight the Real

Stop the dream it's time to wake up
Now, recall your Spirit
Don't be afraid of pain - life is life
The pain is the sign of existence

War is everywhere there- believe me
No one - neutral
Everyone makes War- believe me
No spectatooooooooorsss

Tell the truth - be dead or alive
Tell the truth - be dead or alive
Tell the truth - be dead or alive
Tell the truth - you must decide

Tell the truth - be dead or alive
Tell the truth - be dead or alive
Tell the truth - be dead or alive
Tell the truth -
You must revive to get knowledge of reality

I feel no longer a human ,
I'm fuel for the corporates, we live for them - (I'm
not dead)
I feel no longer a human , I'm a fodder for the
industry - (I'm not dead)
which gives me the fodder
I feel no longer a human
I'm like a dragon who eat's his tail

Tell the truth - be dead or alive
Tell the truth - be dead or alive
Tell the truth - be dead or alive
Tell the truth - you must decide

Tell the truth - be dead or alive
Tell the truth - be dead or alive

Tell the truth - be dead or alive
Tell the truth - I've decided !!!

You are born to war now- believe me
It is your life
Combat Demons , kill'em-believe me
Utilize your faith

Spirit of Life leads you to the War
May Spirit of Life leads you to the War
May Spirit of Life leads you to the War
May Spirit of Life leads you to the Warfare
