### Rootz Underground

Stidly bap ba dap ba whoa -oh-no (3x)  
Nuff a dem paranoid, this I can't figure yeh  
Truth made manifest from back inna the ancient days  
Now computer age, has got them in a rage  
Its 2 thousand years, we don't have time to waste  
Now millennium has got them acting strange  
And mass suicide, it punctuate them fears  
I N I have no fear, just spreading truth and love again  
And then I man a say  
One day you will rise again.  
Stidly bap ba dap ba whoa -oh-no (3x)  
Now New world order, no mi nu fear  
Illuminati threats upon my life I know I just don't  
care  
Its 2 thousand years, just make your path so straight  
And then I man a say, 1 day you will rise again  
In 1998  
I saw the visions so clear  
I know it's not too late  
We still got a little more time to pray  
But for now, I know  
No matter what the wicked say  
I'll sing every day and chant them down in every way  
Stidly bap ba dap ba whoa -oh-no (3x)  
We slowly watch Babylon tumbling down, tumbling down  
Nuff ah dem paranoid  
This I can't figure no way  
Truth made oh so clear from back inna the ancient day  
And now computer age has got them in a rage  
Its 2000 years and I don't have time to waste  
See them walking down the street yeh with a rebel yell  
But yet the universe them living in is oh so parallel  
And now in desperation man now try to clone themselves  
Its 2000 years  
Don't be no stack upon a shelf.  
HIM gimme talent fi dance  
HIM gimme talent fi play  
HIM gimme challenge to chant  
I know I burn dem down everyday  
Although sometimes it smooth by night and rocky in the  
days  
Is him gimme the talent fi bun fire pon all dem wicked  
ways  
JAH gimme talent to burn fire upon all the wicked men.
