## For the Last Time

## **Rory Gallagher**

You've done me wrong
For the last time
You've sung your song
Now I'm goin' to sing mine

Out loud, so loud Like the roaring sea

You've played around
For the last time
You've shown your claws
Now I'm goin' to show mine

Watch out, I feel about In the night

You went around
Since the very first day
You've had your moment
Now I'm gonna have my play

So long, I'll be gone In the night

You've done me wrong
Since the last time
I hit the floor
But I got up on the count of nine

Goodbye, don't cry When I'm gone
