

Hands Up

Rory Gallagher

Hands up, reach for the sky
And I will tell you why
This is just a game I'm playin'
You won't feel the same, I'm betting now

Get up, you know this time
That you made up your mind
Think of all the dreams you're chasin'
Think of all the time you're wastin' now

My world is upside down
My inside is inside out
I'm hangin' to a leaf that's shakin'
That's hangin' to a branch that's breakin' off now

Go out into the night, left to the sky
You'll walk out the shoes, you're wearin'
Might even lose your blues, no tellin' now
