Wave Myself Goodbye

Rory Gallagher

Well, I don't know anymore
I don't know why I feel so sore
I only know I love you more
I feel so blue I think I'll wave myself goodbye

The people say you fade away
From my mind you wouldn't stay
But you get stronger there everyday
You know I feel so alone I think I'll wave myself goodbye

This time, next time, it's all the same
I just go on playin' the losin' game
Until one day, baby, I'll even forget your name
Someday, someday

It takes a fool too long to see
Can't make out the wood for the trees
I must have been blind as I could be
But now I feel so blue I think I'll wave myself goodbye

Well, I don't know anymore
I've lost you for sure
I only know I want you more
I feel so blue I think I'll wave myself goodbye
