

Repeat After Me!

Rosaline

She said lay back I'm tired enough as it is
Stay sharp when she turns me away
And how do we get so far
From the way we used to be
Well I would rather bite my tongue
Cause it's all been said and done and honestly
Words are just too weak
When my heart starts skipping beats
And my eyes are watering
You'll see it says everything
So baby please repeat after me
Repeat after me
Think back when your hand would never leave mine
Tonight is the night where I put up a fight for those days
So baby please repeat after me
