

# All Come True

Rosanne Cash

Someone was 'round here asking questions  
About somebody who looks like you  
I said I don't know where you are  
Sounded like he was gonna be back someday  
So I told her where you are

She's making it all come true this time  
She's making it all come true this time  
She's making it all come true this time

Got to find the brightness in the soul  
Not look outside to find out where we are  
Oh, you won't be satisfied, yeah  
Until you make possessions of the stars

She's making it all come true this time  
She's making it all come true this time  
She's making it all come true this time

Someone was 'round here asking questions  
About somebody who looks like you  
I said I don't know where you are  
She said she was gonna be back someday  
So I told her where you are

She's making it all come true this time  
She's making it all come true this time  
She's making it all come true this time

She's making it all come true this time  
She's making it all come true this time  
She's making it all come true this time
