

Black And White

Rosanne Cash

Oooh, my life is in black and white
Like an old-time picture show
Yes in my life is just like
The plot you never know-oh-oh

But I have seen the rainbow
That's why you feel so grey
Yeah I have seen that's how I know
That the scenes and shades change day-by-day

Oooh, my life is in black and white
But the focus out of view
Well my life is just like
A scene without a cue

But I have seen the rainbow
That's why you feel so grey
Yeah I have seen that's how I know
That the scenes from life change day-by-day

Oh so I watch life in black and white
On a screen I find too small
Yes so my life is just like
A film with no end at all
