Black Cadillac

Rosanne Cash

It was a black Cadillac drove you away Everybody's talkin'
But they don't have much to say
There was a black sky of rain
None of it fell
One of us gets to go to heaven
One has to stay here in hell

Now it's a lonely world Guess it always was Minus you and minus blood My blood

It was a black Cadillac

Like one you used to drive

Now you were always rollin'

But those wheels burn up your life

Oh, it's a black heart of pain that I'm wearin'

Suits me just fine

Oh, there was nothin' I could do for you

When you were still alive

Yeah, it's a lonely world Just a numbers game Well, a hundred years Will find me feelin' just the same

Yeah, it's a lonely world I guess it always was Minus you and minus blood My blood
