

I Can't Resist

Rosanne Cash

I'm on your new wave length
I know what you must think
I've never felt like this
I can't resist, knowing love like this
I can't resist

In from the outside at last
I've lived alone in your past
I've known no love like this
I can't resist, knowing love like this
I can't resist (I love the way you cast your spell)
I can't resist (No other ever looked so good)
I can't resist (The tender way you show your charm)
I can't resist

This heart no longer my own
Without no neutral zone
Within your sweet caress
I can't resist, knowing love like this
I can't resist, knowing love like this
I can't resist
