

# I Can't Resist

Rosanne Cash

I'm on your new wave length  
I know what you must think  
I've never felt like this  
I can't resist, knowing love like this  
I can't resist

In from the outside at last  
I've lived alone in your past  
I've known no love like this  
I can't resist, knowing love like this  
I can't resist (I love the way you cast your spell)  
I can't resist (No other ever looked so good)  
I can't resist (The tender way you show your charm)  
I can't resist

This heart no longer my own  
Without no neutral zone  
Within your sweet caress  
I can't resist, knowing love like this  
I can't resist, knowing love like this  
I can't resist
