But I've seen guys who probably lied about their lies
And left you hangin' out to dry.
Well this ain't that type of story. My love is mandatory
And if I had a price tag, very few could afford me.
I'm mister call me when you horny. And I'll be there till the morning
Now every sentence with my name is so exclamatory.
I stand in the gas and glory she sing me a Spanish story
And she ain't even spanish. How unexplanatory.
She keep it wet like a storm and I drive her she ridin sports
See there's a first time for everything and you deserve a felon
Because shawty you a ten

Got my pretend
She says she never tried
And it'll be her very first time
Her very first time
Told her everything will be alright
Just buckle up tight and leave the rest to me
You ain't gotta worry bout a thing at all
Relax girl everything will be ok
I'll be the chauffer I'm the one to call
Sit back, enjoy the ride, and lemme me do my thang.

I'm on it. Your boyfriends been demoted
I'm so potent shes so focused
Notions and my hocus pocus
I divide her what's the quotient?
And no I'm not her man but I'm the closest
Thing to her heart when I enter
I'm in her like a splinter
Dessert her after dinner I go sinner
Than I send her to a place that she ain't' never been
And now she stuntin hard like they never did
